WHERE WAS DEAN CAIN BORN ?

□

He was born at Selfridge Airforce Base near Detroit, Michigan on July 31st, 1966. Dean's grand-father, a Navy commander, steered Dean's by-then-divorced mother, Sharon Thomas, to the base of birth.

LEO SPOTLIGHT

" Superman " Dean Cain has some of Leo's most famous qualities -- aggressiveness, wit, charisma and talent in the arts -- but they keep him from being one of the most down-to-earth guys in Hollywood. Sure, he has got everything going for him, but Dean is more like " Everyman " than " Superman ". Perhaps it's because of his roots -- he was raised by a single mother in a suburban California trailer park. However in high school, he still managed to pull in enough strong grades along with an impeccable football record to get himself accepted to Princeton. While Dean was still a teen, his mom married screen writer Chris Cain and young Dean developed an interest in acting and screen writing, both of which he does today.

Dean loves playing " The Man of Steel ", but he has several other projects in the works. He is producing a Pulp Fiction-esque TV pilot called Naked TV and has a screenplay development deal with 20th Century Fox. On the personal side of things, no gals have been able to hold this dude down for long. In the past he has dated Ami Dolenz, and one of his college loves was none other than Brooke Shields.

□ *Look for Dean to fly from the small screen to big screen soon.* □ *Big D's happy to be starring in a hit primetime series, but once it's over, he's got bigger and better plans that don't include a fear if kryptonite*
□ *The stars show that he has got the potential to become a movie action hero, following the footsteps of Arnold Schwarzenegger and Bruce Willis.*

□ *As every astrologer says, you can't keep a Leo down.* □ *They always get their way !*

WHAT ELSE IS HE DOING BESIDES LOIS & CLARK ? DOES HE GET ALONG WITH THE CAST ?

□

□ *He has two other projects besides Lois & Clark in the hopper : his movie, MARK WITNESS, and his ABC-TV special, " OFF CAMERA WITH DEAN CAIN ". □ No word on when either will come out. □ Does the cast like him ? □ Seems so. □ Everyone we spoken to, including Justin Whalin, who plays Jimmy, totally raves about what a nice...er, make that, super guy Dean is.*

Lois & Clark

□ *They used to be a love triangle -- girl loved Superman ; boy who was Superman (but couldn't tell her) loved girl. □ In season three -- the one where Lois finds out -- they must keep that secret from the rest of the world, while working on their own (sometimes), other-worldly love story. □ If your love for this high-flyin' duo is stronger than kryptonite, draw four hearts by their name !*

Gaby & Dean

□ *Look □ Up in the sky -- it's the amazing on-again, off-again relationship of □ Superguy DEAN CAIN and his pro-volleyball Superbabe, GABRIELLE REECE. □ What's the scoop on those two ? □ " It's almost impossible to have a private relationship when you're in the public eye ! " □ is all Dean will divulge !*

□ *You're not the only one who's a " thing " for Dean Cain, the super star of □ Lois & Clark : The New Adventures of Superman □ Dean's a sex symbol in England, Australia and Japan, too, which only prove that females all over the world know a super man when they see one !*

□ *DEAN'S MUSCULAR BUILD GIVES AWAY HIS CHILDHOOD secret : he was (and still is !) a complete, total, over-the-edge sports freak □ Being a true California beach boy (having grown in sun-drenched Malibu), Dean was a star at surfing and volleyball, but it was football which made him a star at Santa Monica High School (where his classmates were Rob Lowe, Sean Penn and Charlie Sheeen !).*

□ *Dean later became an even bigger gridiron hero when he played football at Princeton University, but with □ two show-business parents (Sharon Thomas, his mom, is an actress ; stepdad Christopher Cain directed Young Guns), it seemed inevitable that Dean would bring his talents and movie-star good looks to Hollywood !*

□ *And aren't you glad he did ?!*

□ *Although Dean Cain, 29, grew up with parents working in show-business -- his mom Sharon is an actress and his stepdad Chris is a director -- Dean never thought that he would be an actor. □ " I ended acting just because I needed a way to make money ", he told the press.*

The Dean you've never seen !

-TV's hunk of steel-

DEAN CAIN is the caped cutie you love to watch each week as Superman / Clark Kent -- but in real life, there are even more fascinating sides to TV's hottest actor.

SURFER BABE DEAN

Amazingly athletic, he grew up (mostly) on the sands of Malibu -- does he surf ? Hello ??!

DATING DEAN

□ *Even before he donned that blue suit, Dean was a hit with babes -- he used to date Brooke Shields and, as you can see on the snap, actress Ami Dolenz.*

BRAINIAC DEAN

□ *Answer : Dean Cain.*

□ *Question : The hunkiest TV star on this or any planet to compete (and do great) on Jeopardy ! last year.*

FOOTBALL STAR DEAN

□ *How good a football player was Dean ?* □ *At Princeton University, Number 11 -- he was a starting free safety -- set the NCAA Division 1-AA record for most interceptions in a season. It's yet to be broken !*

Les rumeurs...

Dean Cain is a former pro-football player for the Buffalo Bills, he is the split personality of ABC's hit series Lois and Clark, is something of a super guy in real life.

FIRST OF ALL, you gotta know this : DEAN CAIN ain't complainin' -- even though his super-fame has brought some super headaches. After three years on the job, he slips into his dual role of Clark Kent / Superman as easily as this fictional superdude slips into those tights. What doesn't sit so well are those -- aargh !! -- rumors even the man of steel can't seem to stop. 16 can, however -- no, not stop 'em -- but at least, setcha on some.

THE " DEAN HATES TERI " RUMOR

□ *Never had a grain of truth. Nor did the one about them being jealous of one another. The chemistry you see on screen between Dean and his lovely Lois, played by Teri Hatcher, just couldn't be there if the two of them truly couldn't stand each other off screen.*

THE " DEAN'S QUITTING TO DO MOVIES " RUMOR

□ *No way ! Yes, he does want to do movies, but no, he doesn't feel he has to hung up his cape to them. What's more, he's actually looking toward more super Lois & Clark seasons. " I'm sure the show will have a fourth season, " he recently opined, " and it could even go into a fifth and sixth year. "*

THE " BROKE UP WITH GABRIELLE REECE " RUMOR

□ *We'll let him answer that one. " Gab and I are no longer dating. End of story. " What you can learn : when Dean doesn't want to discuss something (usually, it's a private thing) he tends to say, " End of story ".*

THE □ DEAN LOVES TERI □ RUMOR

Not a happenin' one either. (In case you didn't know, she's married !) □ *So what exactly is their off-screen relationship ?* □ *Teri recently declared : " This year we're getting along better than ever -- the best we've ever gotten along. He's very private, we're not best friends. We spend 15 hours a day together, but I don't really know him all that well. He's more reserved, I'm more open. " □ Which isn't much for gossips to sink their teeth into -- but it is the truth.*

□ **DEAN CAIN** -- *Super Dean's major weakness is mashed potatoes -- and he admits, " what's really bad is what I put on them ! " □ But alas, even a few spoonfuls can cause a notable weight difference when you work in tights. That's why Dean's always seen at the gym, workin' out !*

The super life of Dean

He plays an action hero on ABC's Lois & Clark : The New Adventures of Superman, but the real life isn't much different. How is Dean's life action-packed ? Let us count the ways ...

1) □ *Dean will continue to do his own stunts (which he often does on Lois & Clark) by going the way of the adventure scene on the big screen in the near future. " At this juncture, I thing action films play to my strenghts ", Dean has reasoned. " If I have a scene where I have to jump over a table and out that window, I'm as relaxed as I can be 'cause I know I can do it. "*

2) □ *Like any action hero, fictional or real, Dean works out every morning. In his case, he has a trainer who makes him go through a series of grueling weightlifting and cardiovascular exercises.*

3) □ *Dean loves to surf and motorcycle race and enjoys playing football, soccer and volleyball. He also loves to write, and while that isn't exactly an active pursuit, he has penned episodes of □ Lois & Clark, a fairly □ action-oriented series.*

4) Because *Lois & Clark* is a big smash overseas, Dean has found himself on many occasions fighting off fans à la James Bond rather than, say, Superman. When Dean traveled overseas to promote the show in Great Britain, Japan and Australia, the actor located clever escape routes in restaurants and hotels in order to dodge his fans. It was nothing personal ; Dean just felt he wouldn't enjoy hundreds of women shredding his clothes, tackling him to the ground and crushing him under their collective weight. Like any action hero, Dean didn't let his experiences overseas faze him. " They couldn't have been more organized if they were a terrorist group, " Dean has said, amused. " They were everywhere. "

Justin Whalin

DID YOU WANT JIMMY TO BE MORE LIKE YOU IN REAL LIFE ?

No, that wasn't it. I just wanted to make him a contrast to Clark -- who Dean plays very preppy and conservative -- and I didn't want him to be nerdy, like the way he's played in the movies, with a bow-tie and all that. So I decided to make him wild, off-center a little bit. More streetwise, though not really a tough guy.

□

WHAT'S IT LIKE BEHIND THE SCENES ?

It's amazing. Everyone likes each other a whole lot. I mean, think of it. You're spending 12-15 hours a day with these people -- the cast and crew, which is like 100 people altogether -- and that's not easy. That'll get on anybody's nerves. It's unrealistic to think that people aren't going to have their petty little arguments. But that hasn't happened here. It amazes me that no one ever fights. We have no bad apples here.

□

WHAT DO YOU USUALLY DO WHEN YOU'RE NOT ON CAMERA ?

Dean and I are video games fanatics. Dean and I are animals. We did some publicity for EA Sports, so they give us free stuff all the time, like free football games.

□

SO YOU PLAY AGAINST EACH OTHER ?

□ *We spend all our free time practicing, 'cause then we challenge each other.□ And the only person that has ever been able to compete with me is Dean, and I'm the only one who could ever compete with him. So we do a lot of practicing, mostly in Dean's dressing room, toward winning the big game.*

□

WHAT ELSE DO YOU DO TO RELAX ?

□ *If I'm not hanging with Dean, I'm either studying my script, preparing for the next scene, or playing guitar.*

Close encounter with Dean Cain

□ *The perks of working at 16 definitely include this : the chance to do what we editors call "face-time" with your (and our) favorite stars.□ Each month, we interview the stars and report on what they said, how they got started, what they like and dislike, what their personalities are like -- and give you killer color pin-ups and centerfolds too.*

□ *But what's it really like to meet that special star you dream of ?□ From now on, we're gonna tell you !□ In each issue of 16, we'll pick one star and give you the real deal, up close 'n personal : as you were there yourself !*

□ *This month, we start with the star of□ Lois & Clark : The New Adventures of□ Superman -- DEAN CAIN, who we met in Los Angeles, once during the TV Critics press tour and once at an ABC party.□ Here's the deal.*

WHAT HE LOOKS LIKE

□ *Better in person than on TV.* □ *(Is this possible ?)* □ *Dean really is tall, tan (well, he was when we saw him) and gorgeous.* □ *Up-close, his Asian heritage (he's a 1/4 Japanese) is more obvious.* □ *When he smiles, he absolutely sparkles.*

□

WHAT HE DRESSES LIKE

□ *Dean does denim.* □ *Unlike the preppy Clark Kent, or a certain blue-suited super-hero we know, when he's just bein' Dean, it's blue jeans, a denim shirt (open at the neck and not tucked in) and boots.* □ *No jewelry that we noticed.* □ *And no cologne -- he's allergic.*

WHO HE ARRIVES WITH

No one □ *Most stars wouldn't dream of showing up for an interview without an entourage, but Dean needs neither handlers nor hand-holders, whether he's meeting the press or attending a network party.* □ *This high-flying super-star is definitely down to earth.*

WHAT HE SOUNDS LIKE

Earnest, but smart. □ *He looks at you when he talks to you -- and tries to answer questions honestly, thoughtfully and anecdotally (he doesn't give one-word answers).* □ *He doesn't mind personal questions -- but he's not about to give away any trade secrets (like, ' where exactly do you live ?') either.*

WHAT HE REALLY SAYS (With A Smile) ...

About wearing Superman's blue suit : " It shows every pound, every pastry !"

About his wheels : " I drive a truck, but I'm not going to tell you what kind, because I'll be chased. "

About his private life : "It's hopefully still staying private !"

& DOESN'T SAY ...

" No. " Or " Sorry, I can't ", or " Not now. " Both times we spent with Dean, the stream of people coming up and asking for autographs or to take a picture with him (okay -- that included us) was constant. Not once did he turn down a request, whether it came from reporters, fans or even fellow celebs. His hand must've been hurting (unless, of course, he really is made of steel !) and we're sure he was seeing spots from the flashbulbs popping in his eyes. Never once did he complain or refuse.

WHAT EFFECT HE HAS PEOPLE

They swoon. They stare. They want to get near and touch him. And that was the ' been there, done that ' press. The reporters acted no differently than the fans -- and Dean was the only star they acted that way around. No kidding. That's a sign of a true (red and) blue superstar !

WHAT WE REALLY THOUGHT OF HIM

If you were there, you'd agree : a superstar who plays a superhero is really super-cute and super-nice ! Oh, and by the way, he signs autographs this way : " Super luck !"

WHAT'S UP ... IN THE SKY ... DOC ?

Bugs was one lucky Bunny -- who wouldn't want to be this close to TV's Superman, DEAN CAIN ? Bugs and Dean did the photo op thing at the premiere of The Amazing Panda Adventure -- a family movie directed by Dean's dad, Chris Cain.

□ *Well, for one thing, LOIS & CLARK : THE NEW ADVENTURES OF SUPERMAN has been renewed for next fall*

WHAT HE DIGS :

□ *meditating, football and dating stars like Brooke Shields, Pamela Anderson and Gabrielle Reece.*

□ ***In the same way that Superman is consumed with helping others and doing the right thing, 29-year-old Dean Cain is obsessed with being the best he can be in every aspect of his life.***

□ *" God made me strong and healthy and I'm driven things, " says the star of Lois & Clark : The New Adventures of Superman. " And I've always been pretty aggressive. "*

□ *Nowhere was Dean's aggressiveness more apparent when he played football on Princeton University's team. □ Not only did he lead them to their first winning season in years, but he set a record for most interceptions in a season.*

□ *Unfortunately, Dean's promising professional football career ended when he injured his knee. □ His drive to the best, however, was not impaired.*

□ *For example, Dean knows that it's important to stay in shape to look good in his Superman outfit, so he maintains a strict regime of working out and eating healthy.*

□ *And being the over-achiever that is he, he's striving for a body fat percentage of six (he's currently at eight), rather than the normal 10 percent that the most in-shape guys have. □ " I'm going to get in better and better and better and better shape, " he says with determination.*

□ *It is with this determination and drive for perfection that Dean plans to enter the movie-making world. □ So it shouldn't come as a surprise that he's being very picky about his roles.*

□ *" Everyday there's a new (script). □ Twice a week there's a new deal, " he told Entertainment Weekly. " But why make a dog ? □ I don't need the money that badly. "*

□ *DEAN □ Cain's admitted that when he was first offered the part of Clark Kent / Superman in Lois & Clark, he thought the idea was " stupid ". □ But then, he's added, " I read the script ".*

DEAN CAIN : □ *A Superman who makes rescue fantasies seem okay.*

" Not only does the world not know too much about Harrison, he doesn't say too much.□ And he's extremely humble. " Dean laughs, " Reminds me a lot of myself. "*

Lois & Clark got canceled ???!

Not even close. The super-lovin' twosome will be back for more adventures next season -- though the competition will be tough : 3rd rock from the sun moves to Sundays, right against L & C.

□ *If you're of the opinion that Lois & Clark star Dean Cain is just another pretty-faced guy lacking in brain-power, you're majorly wrong -- and he'd be the first person to set you straight.□ "□ A lot of beautiful people are stupid, " Dean's admitted.□ "□ There's a tremendous amount of idiots who look so good, it's frightening.□ But if people perceive me as some kind of idiot, that's their mistake. "□ By the way, that's a mistake those who knew Dean when he was a student at prestigious Princetown University surely wouldn't make.*

Ever since he proved himself " cape "-able of handling " difficult " costar Shannen Doherty in a few early Beverly Hills, 90210 episodes, Dean's been stealing girls' hearts as the Man of " Steel in Lois & Clark.

When we left him last season: " Poor Superman had a terrible decision to make -- stay on earth with his true love, Lois, or return to New Krypton, assume his rightful position as leader of his planet and marry his chosen mate, Zara. " Tough choise.

This season: " Not to ruin the surprise, but we hear wedding bells are ringing for a certain cutie in tights and his " " " earthy " ladylove. " As if we didn't know that already, right ?

Other news: " Dean just finished wrapping his first starring role in the movie Independence, which costars a brunette Drew Barrymore and Powder boy Sean Patrick Flannery. " It's about a guy who accidentally gets his four good buds involved in a bank heist on their way to a wedding. " Guess you could call it Four Robbers and a Wedding. " Look for it early next year.

Hot news: " Dean just started dating Clueless girl, Elisa Donovan.

- What's sexy now -

" A smile is the sexiest thing in the world, but you can't auction " off a smile, so I'd say sheets are what I finf sexy, especially these Shabby Chic sheets my sister told me to buy. " What make these great ? " They are exactly what you need at the time. " If it's cold outside, they make you feel warm. " If it's hot, you feel cool in them. " You spend roughly a third of your life in bed, so you want to be comfortable ; they are completely cotton and they feel like a very, very soft T-shirt. " When you're comfortable and feel good, you're sexy. " The sexiest I've ever seen people is when they're laughing and they're relaxed and being themselves. " One of my favorite things in the world " to do is to wake up, have breakfast, then go back to sleep on those sheets. "

Dean Cain is really married ?

□ Not even close.□ Though super Dean has had serious past relationships with actresses Brooke Shields, Ami Dolenz and most recently coverbabe Gabrielle Reece, right now he's of one the most eligible bachelors in Hollywood.

Dean's Independence day ! Your Sneak Peek At Super Dean In His New Movie !

Dean Cain has been looking for a chance to play in a role completely different from his Clark / Superman persona.□ So when he got the offer to play a bad guy in a big screen actioner, he totally jumped at it.□ The movie's called Independence -- not to be confused with Independence Day ! -- and Dean does mean it : here's your first shot of him on location.□ FYI :□ That holster's packin' a gun -- and that's (fake) blood on his shirt.

What better mix than sports and charity ? To super-athlete Dean Cain, it doesn't get any better than that ! Which is why, whenever he's asked to suit for up (no, not that suit !!!) for a celeb-studded, all-for-a-cause sports event, he is totally there. This day, Dean donned Dodger blue for a Hollywood All-Stars softball game.

Dean Cain :□ le wonder man

Pourquoi on craque ...

- Il est le Superman de nos rêves.
- Sa dernière petite amie lui a brisé le coeur.
- Il sourit tout le temps, et nous on aime ça, les garçons qui sourient.

Ses petits plus ...

- Pour lui, la fidélité est tout un art de vivre.
- C'est un sacré bosseur, un bourreau de travail ... C'en est presque insupportable.
- Il aime la France, Paris, l'architecture, et il parle un peu français.

Ses petits moins ...

- Il est, paraît-il, un peu trop exigeant quant à ses cachets d'acteur.
- Il prend énormément de risques en moto. Il roule à 200 kilomètres-heure et ses producteurs en deviennent fous
- Il perd beaucoup d'argent dans les casinos ... Reste que c'est plutôt excitant, non ?

Signes particuliers ...

- Il collectionne les Harley Davidson.
- Il ne voyage jamais en première classe, tant mieux !
- Il soutient la campagne de lutte contre le Sida.

Verdict ...

Aux dernières nouvelles, Nastassja Kinski vient de lui mettre le grappin dessus. Elle l'a conquis en lui envoyant des bouquets de leurs tous les jours. Qu'est-ce qu'on fait ? On lutte ou on laisse tomber ? À vous de voir, les filles ...

Dean Cain :□ le wonder man

Dean Cain est connu pour son rôle dans la télésérie Lois & Clark. Ce Superman du dimanche (l'émission est programmée pour cette journée) est fort heureux du succès de la série.

Dean, si vous pouviez détenir un des pouvoirs de Superman, lequel serait-ce ?

Je choiserais de pouvoir voler, parce qu'en réalité je déteste l'avion. Ça m'effraie beaucoup. Il n'y aurait alors plus d'attente à l'aéroport, plus d'anxiété. Et pensez aussi à l'argent que j'économiserais.

Dans l'émission, comment faites-vous pour jouer les scènes d'amour sans vous engager personnellement ?

Montrer nos émotions et notre vulnérabilité, les rendre accessibles au public, ça fait partie de notre métier. Ma partenaire, Teri Hatcher, et moi sommes habitués à travailler ensemble et nous avons beaucoup de respect l'un pour l'autre. Le fait de tourner une scène d'amour devant 50 autres personnes nous aide aussi à garder les pieds sur terre.

Vous compare-t-on à Superman dans la vie quotidienne ?

Oui, et c'est difficile. Mais je n'essaie pas de ressembler à Superman parce que c'est impossible. Je sens quand même une responsabilité envers les jeunes téléspectateurs, car le personnage est un de leurs idoles.

Quel genre de musique écoutez-vous ?

J'aime tous les genres. Ça dépend de mon humeur ou de ce que j'ai à faire. J'aime écouter du rap quand je fais du sport ; du piano, quand j'écris ; de la musique d'ambiance, quand je fais le ménage.

Si vous aviez le pouvoir de décider, aimeriez-vous que Lois & Clark se marient ?

J'adorerais les voir enfin les voir se marier, vivre ensemble, attendre un enfant, etc. Nous verrons bien !

Man-of-steel Dean Cain, after romancing-and-rebounding from-such sexy celebs as Pamela Lee, Brooke Shields and Gabrielle Reece, is using Superman's X-ray vision to take a closer look at his dating problems. " I've picked the wrong type in my past because I have such a weakness for beautiful, sexy women. I'm working trial and error on this. "

In the meantime, being Lois Lane's main man is keeping him busy and ready for real-life love. With a daily regimen of weightlifting and a strict diet that includes steamed chicken and vegetables, he'll be looking good when the right girl comes along.

Fun fact : True to Lois & Clark form, Dean's co-star Teri Hatcher, who plays Lois, wasn't that impressed when she met him. She now laughingly admits that she thought, " Oh, there's a good-looking guy ... nothing going up upstairs. "

Dean Cain

Why he's famous : Because he stars as Clark Kent and Superman in TV's *Lois & Clark : The New Adventures of Superman*.

Birthday : July 31

Superstats : 6' tall, 190 lbs., brown eyes, dark brown hair.

Why This Hottie Makes You Weak : As Clark, or as Superman, he's all that -- a super sexy combinaison of brains and brawn, strength of character and sensitivity of the heart.

Love Tip : On TV, he's a one-girl guy ; in real life, Dean is much the same. Neither a partier nor a player, he finds someone he likes and sticks with her.

Old flames : Have included Brooke Shields (in his college days) and volleyball ace Gabrielle Reece. Note -- both are over 6 ' tall !

Current Status : Single ; Dean isn't dating anyone steadily right now.

His Dream Girl : Would be athletic, outdoorsy, have her own thing going on, and share his very silly sense of humor.

A Dean Dream Date : Could include front row seats at the Lakers game, a trip to the ski slopes or a romp in the park with his dogs. Key word : active !

Your heart will skip a beat : When you see him in his new movie, *Independence*.

Love Quote : " A smile is the sexiest thing in the world. "

□

□

□ If you've been waiting patiently to see Dean Cain lose the Superman cape and make the move from TV to movies, you may have to wait a little longer. Dean would love to star on the big screen someday, and he's been getting tons of offers to do just that. But he's not in a hurry to grab just any old role. " I'd like to do something action-oriented, " he's said, " but with some real acting. " So what's his ideal role ? " I'd be into a movie like *Speed*, " he's said.

□

□

"□ I don't like to date around.□ I'm either completely□ commited or I'm not. If I go on a couple of dates and it's not working out, I end it pretty quickly. "

LOIS & CLARK :
THERE'S BAD NEWS AND GOOD NEWS ... □ ... Which Do You Want First ?

UP, UP & AWAY□ ... ?

□ *When Dean Cain & Teri Hatcher reported for work on the new season of Lois & Clark □ The New Adventures of□ Superman, they had every reason to be, pardon the pun, flyin' high.□ They'd wrapped the previous season up a*

solid ratings success ; their own popularity was white-hot, and both were able to do movies over their vacations. What's more, this year promised a whole new set of challenges for the babe-of-steel and his brilliant reporter bride. What could go wrong ? Nothing they could have anticipated, that's for sure. Only something did go very, very wrong. Rathings wise, this season, the show just couldn't get off the ground !

... OOPS, NOT SO FAST !

There are four network shows that all air on Sunday at 8 PM (ET), one of 'em being L&C. That's nothing new -- L & C never had any trouble being most watched show for that time period, or sometimes maybe the second-watched . That was for its first three seasons, anyway. But this year, from the day it started up again last September, it hasn't come close to being first in its timeslot ... or second. Often, it was third, and a couple of times, the cellar-dweller.

... 3rd ROCK KRYPTONITE ?

What happened ? Surely, DEAN & TERI and the crew -- their co-stars, writers, guest-stars, directors -- weren't doing anything differently. The plots stayed true to course, as did the superpair's love affair : hte magic was till there. The only thing that really changed were two of the other shows that now also air at 8PM on Sundays. Instead of its old competition (Mad about you and Cybill) Lois & Clark is now battling two new shows. And they are powerful. Both used to be on other nights, and were established hits. And the truth is that the dramatic Touched By An Angle and the quirky /rd Rock

From The Sun brought their winning ways with them when they went up against Lois & Clark. Between 'em, they made for a one-two punch : they are the victors in the rattings battle. They've left the L & C posse wondering if there's kryptonite buried somewhere in that 3rd Rock.

LOVE WILL CONQUER ALL ?

When rattings take a sharp trumble like that, you know what often happens : cancellation. And for thnail-biting moment there, it looked as if Lois & Clark might not survive its " who'da thunk it ?" new challenge. But this time, rattings are not the be-all and end-ell -- and there's actual good news to be told. For Lois & Clark has some powerful allies and fans, and based on the current reports, it looks like the show will not only last out the season, but be renewed for yet another whole year !

However, it would be premeature to exhale just yet -- for nothing is ever completely certain in the topsy-turvy world of TV. The show could still face cancellation -- or more likely, a change in the day and time it airs.

What can you do ? For one thing, you can keep watching the show -- and start writing to the network, telling them not to cancel it. The address is :

Lois & Clark cancelled ?

□ **I heard that Lois & Clark : The New Adventures of Superman is**

cancelled -- please say it isn't so ! --

Unfortunately, it is true. Due to really low ratings, both in its old Sunday night time-slot, and when it moved to Saturday nights, L & C won't be back in September with new episodes. Stars DEAN CAIN & TERI HATCHER were sorry to see it end after four years, but both are doing movies now. Reruns of L & C are scheduled to start airing on cable next year.
